

Don't fall for Second-Rate Anti-slip Protection.

SHORT-TERM CHEAP FIBREGLASS FIX.

SHORT-TERM CHEAP MAKESHIFT FIX.

You take substantial risks if you decide to purchase cheap, low quality anti-slip equipment, including:

- Premature failure.
- Ongoing replacement costs.
- Creation of unintended secondary hazards.
- Ongoing injuries between replacement.
- Downtime during replacements.
- Being labelled incompetent & losing face.

Vigil Antislip -Class One- Safety Products are manufactured to the highest standards using the most durable materials available.

Each product comes with a written Ten Year Replacement warranty.

Your purchase is risk-free and will continue to provide the highest quality slip resistance many times longer than provided by every other anti-slip supplier.

To compromise on the safety of your colleagues is to compromise on your own integrity.

FIRST-RATE PERMANENT STEEL-BASED SOLUTION. FIXED.
